ABOUT US

Art Hotels Ecuador is a family owned and operated boutique hotel company which currently operates 100 rooms between three hotels in Ecuador with locations in Quito, Otavalo, Cuenca y Guayaquil. Our aim is focused on integrating cultural experiences and service quality in the luxury sector of Ecuadorian hospitality products.

Trademark attributes of Art Hotels' properties are iconic locations in Ecuador's most important cities, emblematic architecture, storytelling through artwork, engagement with

local communities and of course personalized five star service. Individually, each property contains no more than thirty accommodations.

Within all of our properties, the ethos is the same—to passionately and authentically mix old with new and create an artistic, creative approach to luxury hospitality. Working exclusively with local design house, UIO Design District, all Art Hotels properties feature a blend of traditional and modern design thus fusing the excitement of a new culture with all the comforts and conveniences of home.

HISTORY

Art Hotels Ecuador was born from the desire to restore, preserve and share a handful of historically significant properties throughout Ecuador.

Fiercely proud of their Ecuadorian heritage, the property owners imagined the revival of these former homes as luxury hotels through which international and national travelers can connect, experience, and learn about the distinctive features of Ecuador's culture.

Across the republic, historic restorations began in 2015. The flagship property - Hotel Mama Cuchara - opened in the capital city, Quito, at the end of 2017. 2018 saw the inauguration of Hotel Otavalo, the only luxury hotel in the city famous for the largest artisanal market in South America. In Cuenca, Hotel Cruz del Vado welcomed its first guests in May 2019. In 2025, the Hotel Río Guayas was inaugurated in Guayaquil, and a new development is currently underway in the Galapagos Islands.

Great products are born when two things that have been waiting to be put together are finally combined to create something new, something that is uniquely both classic and modern - this is Art Hotels Ecuador.

Mission

To elevate the status of hospitality services in Ecuador and convert one-time visitors to returning customers.

&

Vision
